GEOLOGY SHOWCASE

IN THE PERFORMING ARTS CENTER (PAC)/AUDITORIUM AT QMS

8:30 A.M. & 4 P.M. - Video: Desert Garden (15 min.)
9:00 A.M. - VIDEO: "Huge Floods in the Pacific Northwest - A Story of Lava, Ice and Water" featuring Nick Zentner, Geology Professor at Central Washington University (20 min.)
9:30 A.M. - VIDEOS: Frenchman Coulee (5 min.), and The Great Floods, Cataclysms of the Ice Age (15 min.)
10 A.M., 1:30 P.M. & 3 P.M. - Video: Desert Garden (15 min.) followed by "Interactive Agriculture" (10 min.)
10:30 A.M. & 3:30 P.M. - VIDEO: Ice Age Floods, Catastrophic Transformation of the West (30 min.)
11:00 P.M. - Talk by Ken Lacy, "The Great Escape." Ken will tell about glacial Lake Missoula, the ice-age floods and the geologic features found around the Quincy Valley. Then, Ken will lead a tour by bus to the Potholes Coulee, Frenchman Coulee and the Drumheller Channels and nearby areas to view flood-carved geology.

11:45 A.M. - Lower Grand Coulee Chapter of the Ice Age Floods Institute Monthly Meeting
12:15 P.M. - TALK & VIDEO: David McWalter, Interpretive Specialist at the Dry Falls Visitor Center. David will talk about the Junior Ranger Program, Dry Falls and the Grand Coulee, and present a video featuring Nick Zentner, Geology Professor at CWU.
2 P.M. - WSU Raptor Club Presentation with live birds of prey and telling the story of each one. The WSU Raptor Club is a non-profit organization located on the WSU campus in Pullman. Its mission is to promote wildlife conservation through the use of non-releasable raptors as living representatives in public environmental education programs. The club's presentation gives people an opportunity to see these amazing birds up-close. Please bring your children and/or grandchildren to this program.
